

# Estimating Median of Poisson Distribution

Thinned Estimates Standard Normal

$n = 10, p = 0.2$

$n = 20, p = 0.2$

$n = 500, p = 0.2$

$n = 10, p = 0.5$

$n = 20, p = 0.5$

$n = 500, p = 0.5$

Density

$n = 10, p = 0.8$

$n = 20, p = 0.8$

$n = 500, p = 0.8$
